## Islam Unmasked

Quran 2:191 "And kill them wherever you find them, and turn them out from where they have turned you out. And Al-Fitnah [disbelief or unrest] is worse than killing...."

Immediately after 9/11, I was stunned to hear George Bush say that Islam was a "religion of peace." Since then I have heard and/or read dozens of media types and politicians say the same. Political correctness dictates that they claim the "radical terrorists" are only perverting Islam for their own purposes. That is a LIE, and Obama is the "liar in chief."

Some Muslim countries will kill anybody who leaves their religion, and it's the only world religion who will kill others just because they don't believe as they do. Their war against civilization has been going on for 1400 years, and our leadership doesn't even recognize it's a war.

I heard Bill O'Reilly say that there is no evidence that Obama is a Muslim, and only "right wing extremists" believe he is. I plead guilty as charged, because I believe there is more than ample evidence. When they overran North Africa and Spain, does anyone believe the people there thought they were "peaceful?"

It is the most efficient place I have found to understand the enemy. I have not read the Quran, but I have read the 109 verses from the Quran that commands, or justifies, violence against the "infidels." The website lists all 109 of them, and they keep a running total of Islamic terror attacks in the world since 9/11, and the number was 25,189 as of this morning.

Quote from the website://[www.thereligionofpeace.com](http://www.thereligionofpeace.com)

"In 2014, the BBC did a thorough analysis of Islamic terror attacks occurring during the month of November. They found 664 attacks and 5,042 deaths. Our list has only 284 attacks and 2,515 deaths for that month, meaning that we undercounted the true extent of Islamic terror by a significant margin."

Obama says he is a Christian. After all he has been a member of Jeremiah Wright's church. If he is a Christian, he is ecumenical in the extreme. He has Muslim Brotherhood members on the White House staff, and invites other MB members to meet with him and the State Department. His friends include well-known terrorist Bill Ayers. He was mentored by the communist Frank Davis. He apologizes to the whole world for the behavior of the US. He bows to the Saudi King, and puts his forefinger up in a salute to Muslims. And he calls Islamic terror acts, in the US, "workplace violence."

Matthew 7:16 "You will know them by their fruit." That's words of our Lord, and He said the same thing four verses later.

What kind of fruit do you think is being produced by the White House?
